

FREEDOM TO GUEST CONTENT

LyciaCAST helps to enhance the guest experience by letting the guest to securely stream their choice of content from their mobile device to their in-room TV.

Simply scan the QR code or type in your access code... LyciaCAST is ready to stream...

iOS and Android mobile devices connect with secure authentication for in-room streaming using the Chromecast technology over WiFi.

Guests decide about what to watch next on Netflix, HBO, YouTube and a 1000 more content rich applications, while LyciaCAST is busy making their experience even better.

LyciaCAST allows all guest devices to securely authenticate (using their own app accounts, user names and passwords) during the stay and upon checkout all guest device data is deleted.
