EASY NAVIGATION

Whether in a hotel, hospital, university campus, airport or wherever needed. Lycia TV provides you with the functionality to cater for your needs.
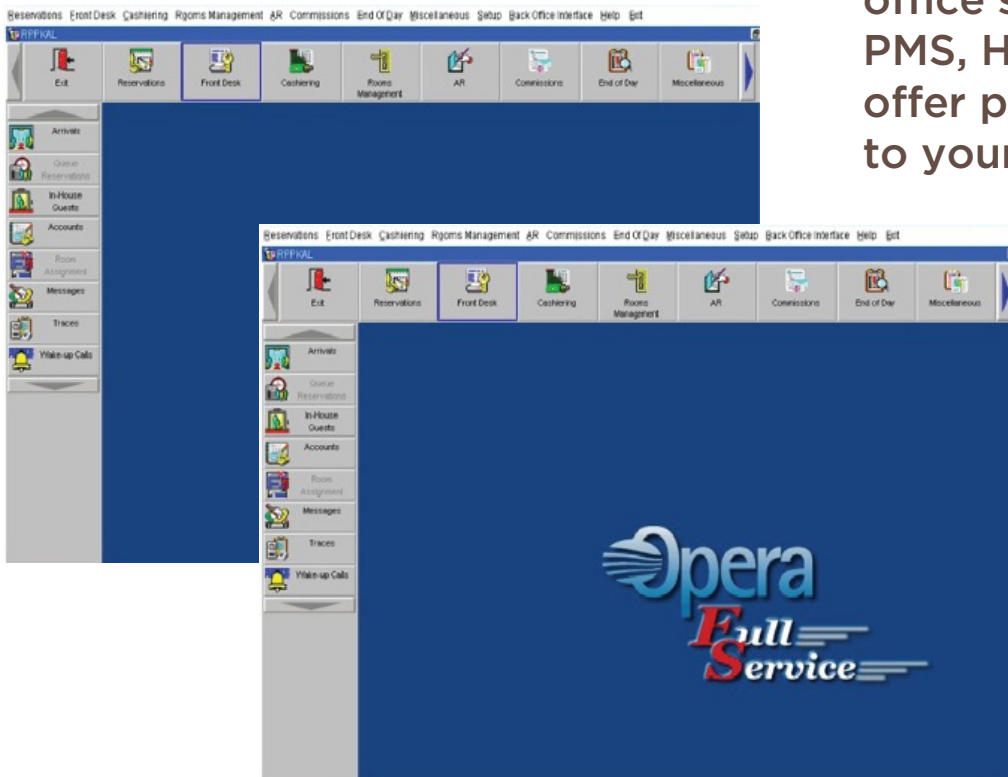

WATCH, EXPLORE, YOUR STAY, CONNECT

Lycia TV offers easy navigation through its all new and sleek interface design. Handy features are grouped with a simplistic approach: WATCH, EXPLORE, YOUR STAY and CONNECT.

Go conventional or contemporary

The choice is yours. Enjoy all the built in features of the new generation connected TVs from LG, Samsung or Phillips or easily migrate your conventional TV system with a Set Top Box.

Back office integration

Lycia TV seamlessly integrates to your back office systems be it your PMS, HMS allowing you to offer personalized service to your guests.
